- (p) Pursuant to the submission of application for withdrawal of CIRP under Section 12A of IBC, 2016, with the approval of 94.10% CoC, the Hon'ble NCLT, Chennai Bench vide its order dated January 05, 2024 dismissed the CIRP initiated against *Target Company*.
- 4. Further, vide *Application*, the *Applicants* have *inter-alia* provided following grounds for seeking exemption:
 - (a) In order to revive its operations, *Target Company* needs funds urgently and would like to embark on a revival plan immediately to meet the conditions stipulated by the bankers/other lenders under settlement plan for repaying an amount of Rs. 175 crores. Making an open offer would delay this process of revival as all the energies of the promoters have to be concentrated on mobilizing finance for meeting the obligations under open offer or maintain the funds in separate escrow account and complying with the provisions of the *Takeover Regulations*, 2011 till the open offer formalities are completed.
 - (b) The shares of the *Target Company* are currently suspended and are not being traded due to the admission of the *Target Company* under IBC, 2016. Delay in the transfer of the shares from the bankers or implementation of the settlement

- plan or making the open offer, which would again unnecessarily delay the process of revival of the *Target Company*.
- traded during the 90 trading days preceding the date of the *Application*. Further, the price determined as per the valuation is also negative. Hence, minimum price that would be offered to the shareholders under the open offer could be as low as Rs. 0.10 or less than Rs. 1.00. This would not benefit the shareholders in any manner. However, if exemption is granted, the promoters who are the only intellectual asset of the *Target Company* and who through their goodwill have already started obtaining orders for the *Target Company* will be able to revive the *Target Company* which would in turn lead to discovery of share price which would benefit the investors/shareholders in the long run.
- (d) The bankers are interested in transferring the shares to the promoters at the earliest and any delay in this process could lead to a termination of the settlement plan which might end up with the *Target Company* being liquidated. This would prove all the efforts of the promoters being futile and not benefit the shareholders at large.
- (e) The proposed acquisition will not result in the breach of minimum public shareholding as mandated by Rule 19(2)(b) of the SCRR, 1957 and public shareholder shall continue to hold more than 25% of the share capital of *Target Company*.
- (f) The proposed acquisition will not be prejudicial to the interest of the public shareholders at large.

- (g) In case of resolution plan under IBC, 2016 the public shareholders will lose all investments in the *Target Company*. However, under the settlement plan, interest of the public shareholders of *Target Company* is protected fully.
- (h) *Acquirers* have committed to pay additional Rs. 80 crores in next 7 years and bank guarantee of Rs. 86 crores and Rs. 110.35 crores to other operational creditors, to revive the *Target Company* and to ensure the interest of every stake holder is protected.
- (i) Further, the proposed transfer of shares does not in any way result in a change in control or management of the *Target Company*.
- (j) As per the settlement plan, *Applicants* have already fulfilled the commitment of payment of Rs. 175 Crores to the lenders regarding fund based debts including all outstanding CCD, OCD, NCD, Working Capital, Term Loans, CC, Personal Guarantee, etc.

CONSIDERATION

5. Before I proceed with my consideration, I find it appropriate to quote the relevant regulatory provision(s) of *Takeover Regulations*, 2011, for facility of reference:

Substantial acquisition of shares or voting rights.

- 3. (1) No acquirer shall acquire shares or voting rights in a target company which taken together with shares or voting rights, if any, held by him and by persons acting in concert with him in such target company, entitle them to exercise twenty-five per cent or more of the voting rights in such target company unless the acquirer makes a public announcement of an open offer for acquiring shares of such target company in accordance with these regulations.
- 6. I have considered the *Application* submitted by the *Acquirers* and other material available on record. Without reiterating the facts as stated above, the following is noted:
 - (a) The *Application* submitted is in respect of the proposed direct acquisition of shares and voting rights in the *Target Company*.

- (b) Pursuant to the proposed acquisition, the *Acquirers along with PACs* would collectively hold 62.39% shares in the *Target Company*. The shareholding of the promoter group together with persons in the promoter group (who are PACs), would increase from 15.16% to 62.39%. This increase is beyond the threshold limit (of 25%) mentioned under Regulation 3(1) of the *Takeover Regulations*, 2011.
